

CA Parents offset tuition by working at Target Field, Metrodome and Xcel Energy Center

Earn money for this year's tuition and continue saving towards next year. We have a great program. You choose the days you want to work. The group works on commission. You can earn anywhere from \$40.00 - \$80 an event. Required training is provided.

If you are interested in taking the first step all you need to do is join the Concordia Academy Parent group at <http://groups.yahoo.com/group/CABeaconsSupport/>. Once you have joined the group, check out the training dates, see what events are still available to work and contact the coordinator to request the dates that you would like to work. This is a great way to meet other current Concordia Parents. Our stands are for current CA parents to earn tuition dollars for their student.

Target Field

The Twins will be in their 3rd season at Target Field in 2012. The Parent Group has agreed to do all 81 home events so there are plenty of dates available to work. Parents will earn between \$40-\$80 per event in the 2012 season. Once you have joined the group, you can contact Dave Preble, Target Field coordinator, at dgpreble@usfamily.net or at 651-491-5903.

Metrodome

You can access the Metrodome schedule and training dates as well by joining the yahoo group listed above. You can also contact Kathy Hines, Metrodome coordinator, at khines1@qwest.net with any questions.

Xcel Energy Center

Our group works the Minnesota Wild, Minnesota Swarm or any other event that takes place at the Xcel Energy Center. Therefore, you can access the Xcel Energy center schedule and training dates as well by joining the yahoo group listed above. You can also contact Karleen Clemens, the Xcel coordinator, at karleenclemens@yahoo.com or 651-485-7490 with any questions.

This is an awesome way to earn tax free tuition dollars for your student, especially in these hard economic times. Our coordinators are very committed to this program and they work really hard to get the best for our families. So if you are interested to work at one, two or all three venues and even if it is only once or twice a month your family will feel the impact in your monthly budget
